## VALUES

The Salina Police Department: Places its highest value on human life, must preserve and advance the principles of democracy, believes that prevention of crime is our highest operational priority, believes the effective delivery of police service is dependent on community involvement, must be accountable to the public, is committed to professionalism in all aspects, strives to maintain the highest standards of integrity; and values its members, the intelligent, caring men and women who comprise the department.

## Message from the Chief of Police

*Chief Brad L. Nelson*

2014 was an extremely difficult year for American Law Enforcement. This is possibly the lowest point in American policing history regarding trust and support for law enforcement officers. This can and will have a negative effect on our police officers. However, we are blessed in Salina to have a very supportive community that recognizes the great things our officers do on a daily basis. We can always do better and we strive to do so every day. We will treat each and every citizen with the utmost respect and professionalism. That respect must be reciprocal in nature. The men and women that comprise your police department are here for those whose intent is to commit crime without any regard for individual rights.

2014 was a year of change for our police department. Change is sometimes difficult for police departments and every effort was made to ensure these changes were positive in nature and fully vetted prior to implementation. Some of the major changes that occurred are as follows:

- Reestablished rank of Sergeant. Four officers were promoted to Sergeant in 2014.
- Transitioned from the venerable Ford Crown Victoria to the Ford Explorer.
- Renovated Fitness Room and purchased additional weight and cardio equipment.
- Introduced Bias-Based Policing and Crisis Intervention Team training.
- Introduced "Coffee with a Cop" program to Salina.
- Increased SWAT training from 8 hours per month to 16 hours per month.
- After a six-year absence, a Citizens Academy was hosted in conjunction with Sheriff's Department.

Similar to other departments nationwide, our department has had a difficult time recruiting qualified individuals to apply as police officers. We utilized radio ads for the first time in western Kansas and used extensive print media ads. We were in attendance at numerous job fairs throughout the state and also completely revamped our recruiting web site.

We also became very active in social media, primarily through our Salina Police Department page on the Facebook website. As always, our best resource for recruitment is the outstanding, professional officers that make up the Salina force.

Salina is an exceptional city in which to live and work. I truly believe we are having a positive impact in our community and the future is even brighter for the men and women of the Salina Police Department.

Sincerely,

A handwritten signature in blue ink that reads "Brad L. Nelson". The signature is written in a cursive, flowing style.

Brad L. Nelson

Sgt Brent Rupert

## Operations Division

## Patrol Division

Patrol Officers are the backbone of the department. The Salina Police Department provides around-the-clock police services with officers typically working from 6:00 am to 6:00 pm (A and B shifts), 6:00 pm to 6:00 am (C and D shifts), 9:00 am to 7:00pm (early power shift), or 5:00 pm to 3:00 am (late power shift). The city is divided into six patrol areas or beats. All six beats are staffed full-time, with extra officers covering the busiest areas during times of peak activity.

Salina Patrol Officers are an eclectic and diverse mixture of dedicated men and women from a wide range of ages and ethnic backgrounds. A typical day in the life of a patrol officer may include: Routine patrol, traffic enforcement, responding to alarms, assisting citizens, providing traffic control at accident or fire scenes, preparing detailed reports, making arrests, attending training, performing security at public meetings, recovering lost property, assisting the animal shelter, conducting business and bar checks, and many, many other tasks.

## Canine Unit

### Accomplishments 2014

- Numerous illegal drug cases have been generated due to more patrol officers calling for vehicle sniffs.
- Officer Vaughan and Officer Tonniges completed yearly certification in Manhattan, KS. During the trophy run in the Patrol Dog category, Officer Vaughan and his K-9 partner Riddik won first place. Officer Tonniges and his K-9 partner Karma won third place. In the Tough Dog category, Officer Vaughan won second place.
- Officer Carswell's K-9 partner Dax passed away due to a possible brain tumor.
- Officer Carlos Londono was assigned as a K-9 Officer (in place of Officer Carswell) and completed training at K-9 Working Dogs International.
- The SPD K-9 policy was reviewed and revised.
- Implemented scenario-based training in K-9 training sessions.

## Accomplishments for 2014

- Several officers participated in Special Olympics Law Enforcement Torch Run which was led by three police motorcycles.
- Used Forensic Mapping team to map 1 fatality accident and several other critical incidents.
- Replaced a 1998 Harley Davidson Road King Police motorcycle with a 2015 Harley Davidson Electra Glide Police motorcycle. Planned to replace the remaining 1998 Road King in 2015.

The Traffic Unit is comprised of six Police Officers and one Supervisor. They are assigned three patrol cars, one breath alcohol test van, and three motorcycles. They are responsible for providing the safe travel of motorists on our local streets. They monitor for traffic infractions, impaired drivers, and investigate traffic crashes. Five of the Traffic Unit members are trained in traffic crash reconstruction and investigate all major traffic crashes. The Traffic Unit also provides escorts for funerals and other special events.

The Traffic Unit asks everyone to "Drive Safely".

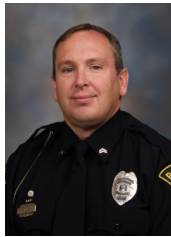

## Traffic Unit

### **MPO Mike Miller**

Intoxilyzer records, guest instructor at KLETC, forensic mapping team

### **MPO Rande Repp**

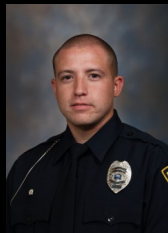

Computer and technology support mapping instructor, forensic mapping team, child safety seat technician

### **Officer Kyle Jacobs**

Motorcycle Officer, maintains the department's 1968 Camaro

### **Officer Sean Wilcox**

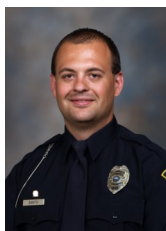

Motorcycle Officer, PAS Flashlight and PBT technician

### **Officer Matt Gawith**

Evening traffic & DUI enforcement, forensic mapping team

### **Officer Crystal Hornseth**

Child safety seat technician, forensic mapping team

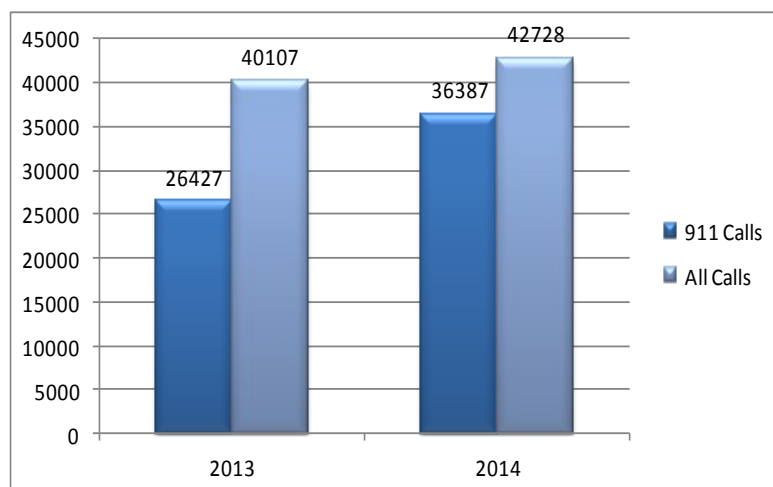

## Support Division

## Accomplishments:

- Completed the interface between New World Mobile and Digiticket. This enabled the ability to import the state returns from mobile to an e-citation.
- Implemented Fire Station Paging.
- Created 4 shift lead positions in dispatch.
- Purchased a treadmill for dispatch.
- Purchased Priority Medical Dispatch Software. This is software that interfaces with New World CAD.
- Started quality assurance of police calls.
- Worked with Emergency Management and SFD on replacement of tornado sirens.
- Purchased and installed Net Motion on the Mobile Computers. This reduced the amount of mobile disconnects

Emergency  
Communications  
Unit

The Records Unit of the Salina Police Department is a civilian support unit, consisting of five full time Records Clerks and one Records Supervisor. The clerical staff performs general record maintenance and data entry for the department. The Records Division is primarily responsible for processing all electronic traffic tickets, incident, accident, traffic, and criminal offense reports.

The Records Unit handles a large number of request for reports from the public and requests for background checks. They are also responsible for submitting statistical data to the state government concerning criminal activity and arrest information.

The Records Unit answers incoming phone calls for the Police Department and provides customer service to those conducting business at the Police Department. Hours of operation for the Records Bureau are 8:00 am to 8:00 pm, Monday through Friday with the exception of holidays.

Police Records Clerks must have the ability to deal with a variety of people within the Police Department, as well as the public, on a regular basis. They are an integral part of the police department which requires good interpersonal skills.

The 2014 Accomplishments include moving the Detectives Crime Analyst and Drug Crime Analyst into the consolidated records area, providing for cohesive sharing and security of information.

Records  
Unit

In 2014, the Training Unit had a very busy year helping an abundance of newly hired officers prepare for their career at the Salina Police Department. Once the officers complete their fourteen-week police academy at the Kansas Law Enforcement Training Center, they begin a rigorous four-month Field Training Program. The recruit is partnered with a certified Field Training Officer who mentors and observes the progress of this individual. The recruit passes through four phases of this program and each phase has added responsibilities. Once completed, the recruit will have faced a myriad of police challenges and are prepared to face them on their own.

To help further improve recruit training, the Salina Police Department is adding in a two-week post academy. This academy will focus more on acclimating the recruit to policies and procedures so during the field training portion, they will have more time learning the aspects of patrol functions. We are continually striving to improve recruit training to help face the challenges of modern-day policing and to better serve the community.

Training  
Unit

## Investigative Division

The Detective Unit is composed of specific crime specialists and is staffed by a Detective Commander, Detective Sergeant, six Detectives and one Crime Analyst. Four of the Detectives are trained in Computer Voice Stress Analysis. While primary responsibility for the investigation of most crimes rest with the patrol officer. They seldom have the time to become involved in complex and/or lengthy investigations. In these cases, assistance and follow-up are provided by Detective Unit, who also have the primary responsibility for the investigation of major crimes, such as homicide and rape. The Detective Unit is also responsible for the investigation of vice (corruption), organized crime and criminal intelligence collection and dissemination.

On April 14, 2014, Cleve's Marine and Sporting Goods were the victims of a burglary. An estimated 115 guns, as well as ammunition and knives were stolen. The loss was estimated in excess of \$50,000.00. During a joint investigation involving the Salina Police Department Detective Unit, ATF, KBI and the Drug Task Force, two stolen guns were purchased during undercover buys, and several search warrants were executed. In total, 86 guns were recovered in addition to over 50 grams of methamphetamine. Evidence was also recovered linking the suspects to five additional business burglaries. Seven individuals were federally indicated for federal firearms violations stemming from this investigation.

Between July and October 2014, a series of four arson fires were set in the north Salina area. On October 17, 2014, the Salina Fire Department and the Salina Police department were called to 500 E. Pacific in reference to a structure fire. The building was occupied by a single resident. The fire was determined to be an arson. During the course of the investigation, a suspect was located, interviewed, and subsequently arrested in reference to all four arson fires. This investigation also led to solving additional arson cases in Hutchinson, Kansas.

## Criminal Detectives Unit

**The I-35/I-70 Drug Task Force (DTF) Special Enforcement Unit**

was organized in 1993 to combat the flow of illicit drugs into the Salina area. The make-up of the Unit has transformed throughout the years and is currently comprised of four Detectives from the Salina Police Department, a Saline County Sheriff's Office Investigator, and a Salina Police Department Supervisor as well as a Crime Analyst.

During 2014, the DTF Unit opened 184 cases and was instrumental in the arrest of 76 people on assorted drug offenses. 2014 saw a marked increase of cases involving "Potpourri" (Synthetic THC) and the detrimental effects of their use. Salina Fire Department EMS Units reported the patients had various symptoms from unresponsiveness to paranoia and combativeness. The EMS units also report seeing patients having convulsions, some with loss of body functions and some patients with nausea, vomiting and high anxiety.

During August of 2014, Agents of the DTF purchased "Potpourri" from two local businesses. The "Potpourri" tested positive for controlled substances. Search warrants were obtained and executed at the businesses. Large amounts of "Potpourri" and U.S. Currency were seized. The cases are still pending in court.

During the early months 2014, DTF Agents received information from multiple sources to include law enforcement interviews and tips from citizens in regards to two subjects involved in a large scale drug distribution operation. The investigation allowed law enforcement to intercept 7.8 lbs of marijuana that had been mailed from California to one of the suspect's associates. Ultimately, the investigation allowed detectives to execute six search warrants on March 31<sup>st</sup>, 2014 at residences located in Salina and Saline County, KS

### 2014 Activity Highlights:

#### Arrests:

8 Subjects arrested on numerous drug charges. Court cases are still pending

#### Seizures:

2	Marijuana grow operations with cultivation equipment and 19 living plants; one active and one dismantled
16 gm	Methamphetamine
93.6 gm	Cocaine
1,384 gm	Marijuana (does not include 7.8 lbs mail interception)
7.2 gm	THC resin. (Earwax)
3	Firearms in possession of convicted felons.
\$9,463.00	US Currency Seized

Drug Task Force  
Unit

*Evidence Technician Julia Mattys scans some property into evidence*

The Evidence Room maintains found property, recovered property, and seized property (evidence). This can range from small pills to large furniture. In 2013, officers submitted over 8,106 pieces of evidence and 1,254 pieces of found property. Of this evidence, 1,284 items were submitted to the Kansas Bureau of Investigations Laboratory for further examination.

The company *propertyroom.com* disposes of unclaimed property. In 2013, propertyroom.com sold

\$1,410 worth of bicycles, \$38 of computer parts, \$141 of electronic items, \$1,004 of jewelry, \$118 of tools, \$6 of vehicle parts, \$74 of watches, and \$120 of miscellaneous property for the department.

Salina Police Evidence Technicians are trained in a variety of specialized investigative techniques and use cutting-edge technology to recover DNA and fingerprint evidence. The mobile crime scene lab provides a huge number of resources to the technicians at even the most remote crime scenes.

*The Property and Evidence Room contains many unclaimed items. If you are missing a bicycle or other property, check the department website. The unclaimed property page is updated monthly.*

Property &  
Evidence  
Unit

During 2014 January 1, the Internal Affairs Unit received twenty five complaints. The following is a list of the complaints and findings.

Internal Affairs  
Unit

The Special Weapons and Tactics team was formed in 1992. It is made up of specially trained and equipped members of the Salina Police department whose mission is to assist with high-risk operations that require special skills or equipment that go beyond the capabilities of a standard patrol response.

In 2014 the SWAT team was used for nine missions to include barricaded suspects and high-risk warrant service.

On 05/05/2014 officers responded to 619 N. 13<sup>th</sup> in reference two individuals wanted on a variety of criminal charges. Both refused to exit the residence advising they would shoot at officers if they entered the residence. The actions of the individuals prompted a SWAT callout. After a standoff lasting approximately four hours in which chemical agents were introduced to the residence, both subjects were taken into custody unharmed.

SWAT  
Team

In 2014 the team selected and trained an additional negotiator to function solely in that capacity when required.

In 2014, three Tac-Medic positions were added to the team. These positions were selected from qualified Fire Dept. personnel who will be attending training and joining the team mid-2015.

Monthly training for the team was expanded from 8 hours to 16 hours. In addition each of the members attended a 40 hour basic or advanced SWAT training course. Monthly training consisted of various topics to include building searches, firearms, first-aid, less-lethal, traffic stops, open field maneuvers, etc.

In 2014 the team joined the Kansas City Metro Tactical Officers Association. The team's APC was modified to better meet the needs of the team. These modifications included light bars, signage, radios/PA, running boards, and upgraded HVAC. The team also attended a 40 hour basic SWAT course at Fort Dodge, Iowa.

SWAT  
Team

On May 21, 2014, two Salina Police Officers and Salina Police Detective were shot at while responding to a domestic disturbance. The suspect has since been convicted in the Saline County District Court and was sentenced to nearly 82 years in prison. The award citation on the next page recaps the harrowing events of that day.

"These three officers did phenomenal," said Salina Police Chief Brad Nelson. "They could have been killed. People in the park could have been killed. That was the absolute best outcome possible, and I would say it was because of the training and experience these officers had."

*From left to right: Chief Brad Nelson, Salina Mayor Aaron Householter, MPO Hogeland, MPO Hanus, MPO Miller.*

# Officer-Involved Shooting

## 05/21/2014

# Salina Police Department

## Award of Valor

This award is presented to

Master Police Officer Gary Hanus  
Master Police Officer Scott Hogeland  
Master Police Officer James Miller

For acts of courage and outstanding performance under unusually difficult and life threatening circumstances.

On May 21, 2014, Master Police Officers Gary Hanus, Scott Hogeland, and James Miller, responded to the 700 block of Comanche in regards to a domestic disturbance in which the victim reported her boyfriend had pointed a rifle at her. As the officers spoke with the victim, the suspect was observed walking down the street carrying a rifle. The officers instructed the victim to run in the opposite direction of the suspect as he began firing several rounds at the officers. The officers took cover and returned fire striking the suspect. The suspect was taken into custody after being treated for non-life threatening injuries. The actions of these officers saved the lives of citizens and their fellow officers.

# Use of Force Report

With recent events involving officers using force, there is a commonly held belief that we use force on a regular basis. *This is simply not true.*

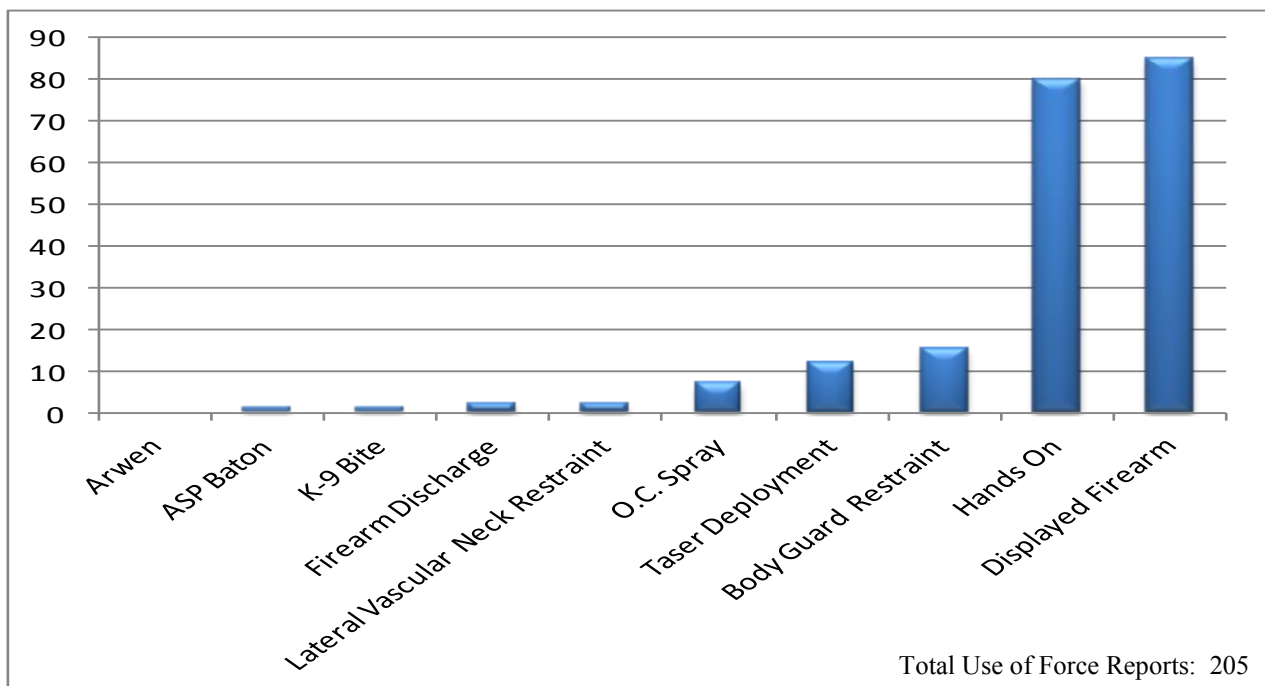

In 2014, your Salina officers had 45,456 calls for service where contact was made with *one or more citizens*. Of these over 45,000 contacts, 205 resulted in force being applied. Force is defined as something as insignificant as a wrist lock to actually discharging a firearm. These 204 instances where force was applied represent .005% of these 45,456 citizen contacts. In other words, those who had contact with a Salina officer in 2014 had a 5 in 1000 chance of force actually being applied.

These 205 uses of force by our officers resulted in a total of two allegations of excessive force. One of these was not sustained and the other complaint *was initiated by the Chief of Police* as a result of a YouTube video. An Internal Affairs investigation determined the officer was improper in his actions during the arrest and formal disciplinary action was taken.

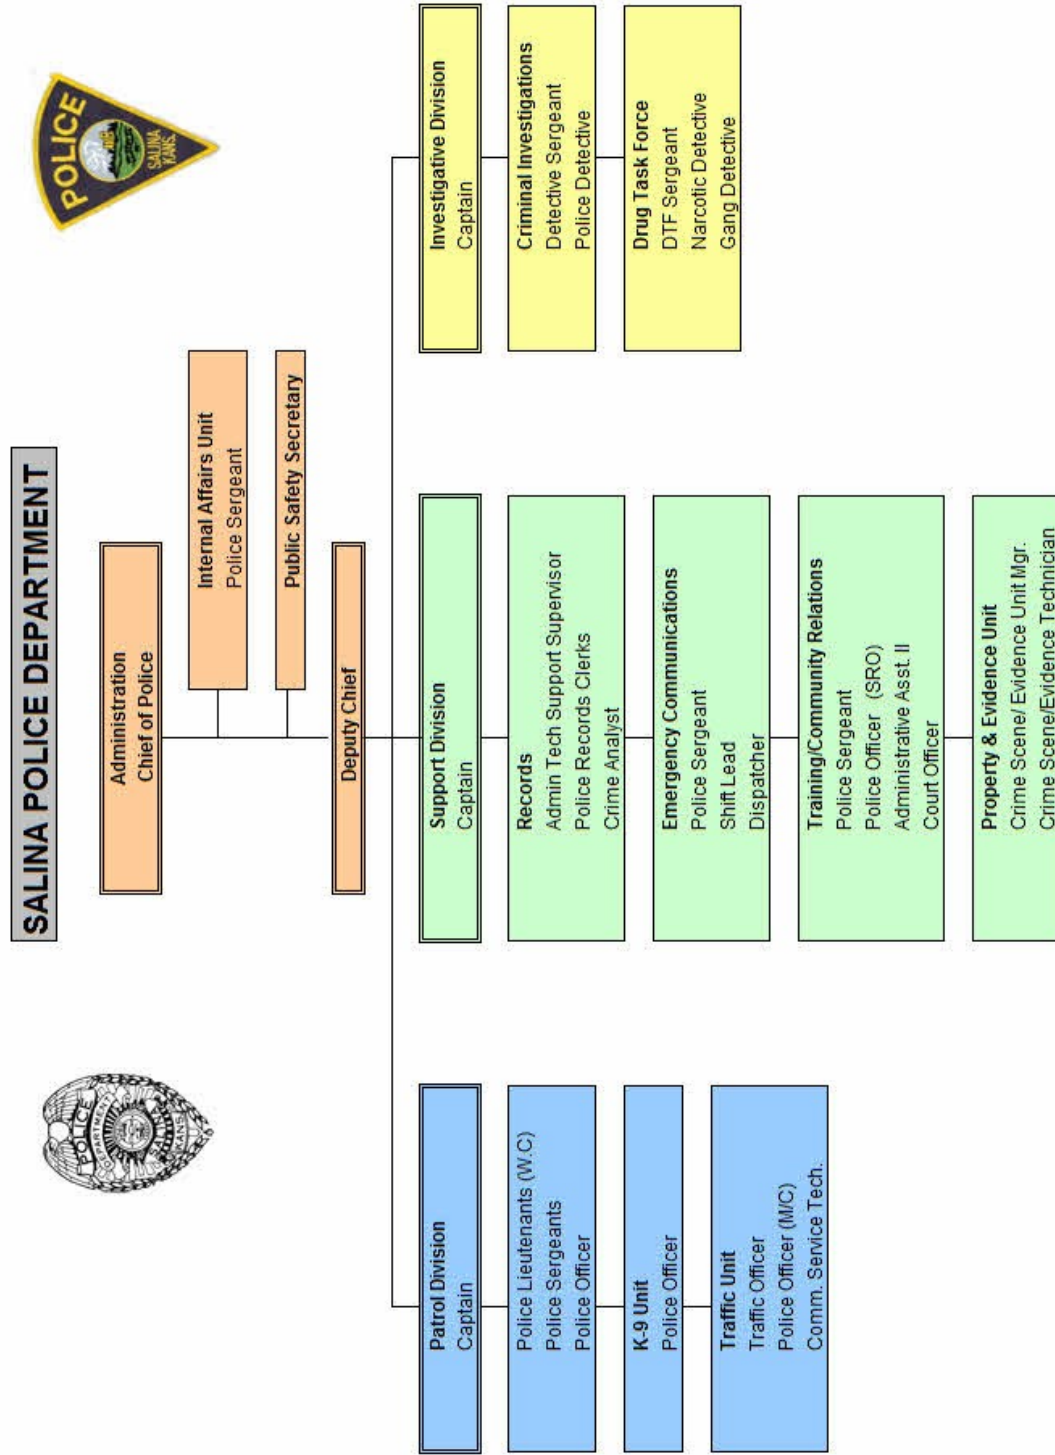

Our taser deployment was reduced from 30 in 2013 to 12 in 2014 primarily as a result of our policy being revised regarding acceptable use.

Rarely do officers use force but when they do, it can go viral on social media. This unfortunately gives the appearance that use of force is a common occurrence, which is incorrect. Below is the sum total of our uses of force in 2014.

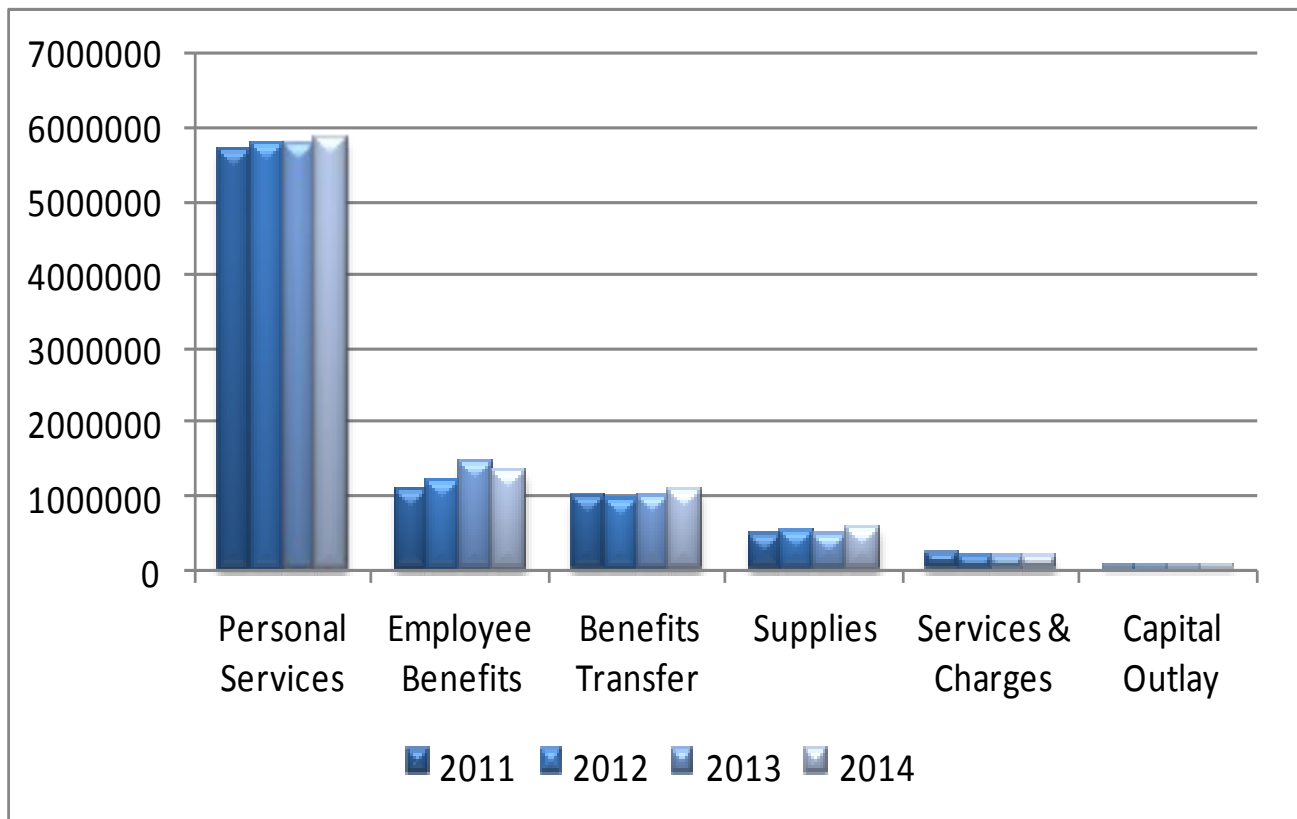

# Organization

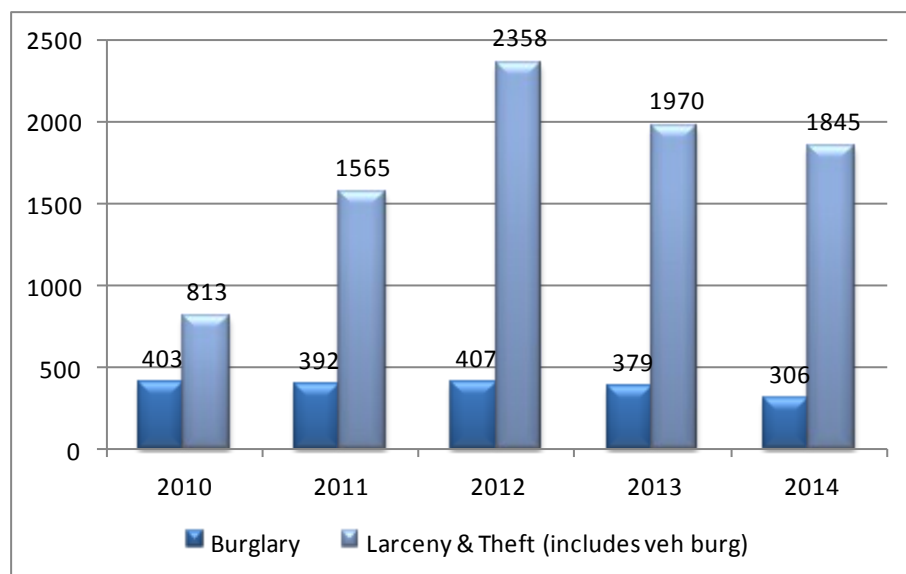

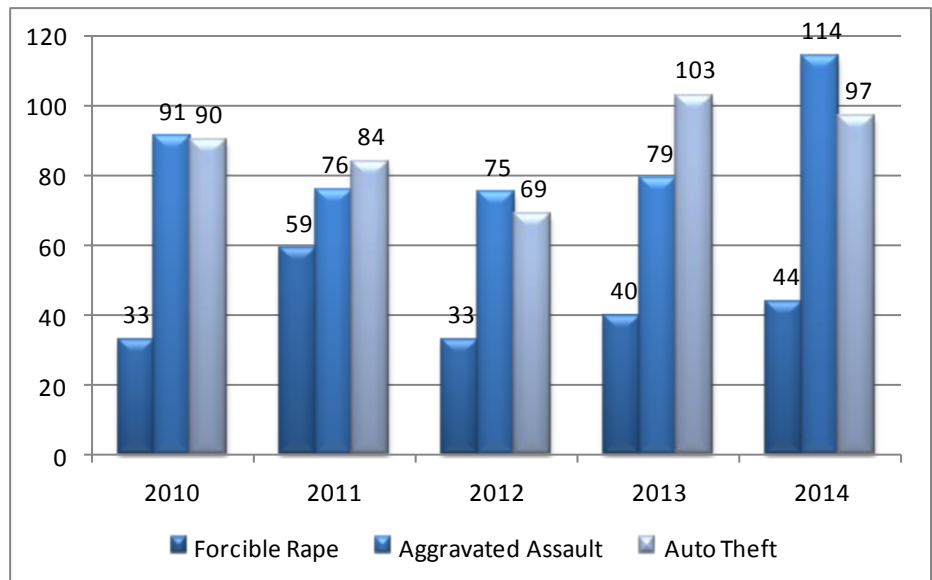

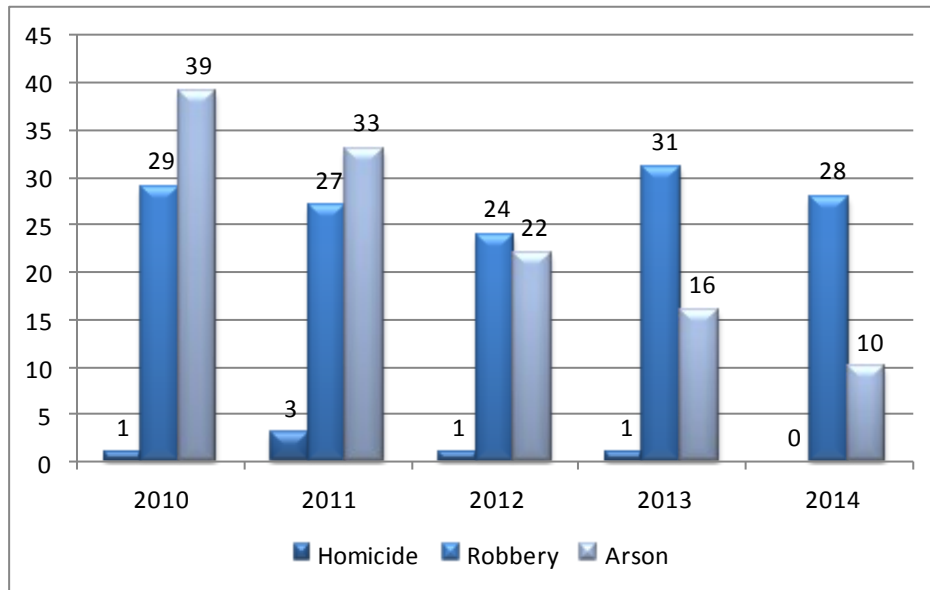

Description	2011 Actual	2012 Actual	2013 Actual	2014 Amended
<b>Personal Services</b>	\$5,683,644	\$5,745,886	\$5,778,154	\$5,839,837
<b>Employee Benefits</b>	\$1,072,449	\$1,199,934	\$1,443,101	\$1,326,712
<b>Benefits Transfer</b>	\$966,294	\$939,144	\$999,321	\$1,052,637
<b>Supplies</b>	\$473,118	\$521,613	\$456,179	\$564,437
<b>Services and Charges</b>	\$214,016	\$186,593	\$175,459	\$176,334
<b>Capital Outlay</b>	\$696	\$20,724	\$42,013	\$45,918

### Salina Police Department

Posted by jeremy.watkins@salina.org (?) · July 1, 2014 ·

Just wanted to let the citizens of Salina know about a couple of scams that have occurred lately, so everyone is aware.

On June 20, 2014, an Hispanic male dressed in Westar Energy attire, approached a victim at their home. The Hispanic male offered to lower the victim's utility bills if they paid him in cash. The victim gave the suspect some cash and he acted like he was fixing their electrical meter. It was verified with Westar that the suspect was not an employee for Westar.

Also, an elderly couple was scammed by a couple of Hispanic males, 40-55 years of age. The suspects asked the victims about their property line in their back yard. The victims went to the back yard with them and when the victims returned inside the house, they observed multiple items missing from the residence. The victims stated the two suspects never entered the house, so their must have been other subjects who entered the residence after they were in the back yard.

If anyone has any information reference these scams or any other activity you feel is a scam, don't hesitate to call the Salina Police Department.

Aug

Salina School Resource Officers conducting a back-to-school event.

Traffic control at the Ashby House 5k Color Run.

Sep

Officers Goldsby and Lemon working security at a concert.

Officer Jacobs assisting with crowd control at the Tri Rivers Fair.

Oct

Lt Forrester and MPO Repp recruiting at the Central Mall.

Numerous officers of the Salina PD participated in the annual Guns N Hoses charity football team against the Salina Fire Department. This year the Guns won!

Chief Nelson, Lt Forrester, and Lt Pruitt hosting the first Coffee With a Cop event at the Ad Astra Book & Coffee Shop, which was well attended and well received by the public.

Nov

Chief Nelson, Deputy Chief Morton, and Officer Lemon attend a second Coffee With a Cop event at the Salina Senior's Center.

Retired SPD Lt Jack Gallagher participates in a Veteran's Day service.

Traffic control at the annual Salina Christmas Parade.

Sgt McCary and Officer Jacobs provide traffic control at a Shriner's parade.

SPD motorcycles leading the annual Toy Run, which collects Christmas toys for needy children in the community.

Dec

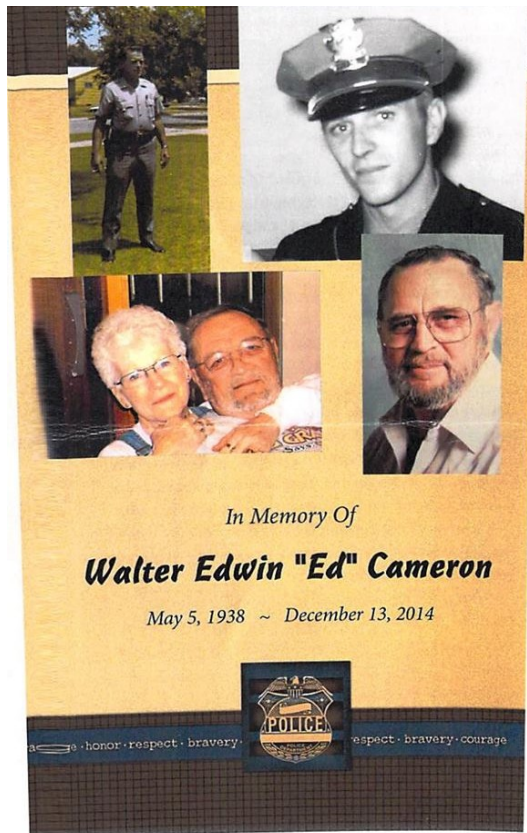

MPO Repp assists Jessica Patterson and Julia Mattys, SPD Evidence Technicians, with mapping the scene of a drive-by shooting in central Salina.

## Salina Police already using body cams

The Salina Police Department has been experimenting with body cameras since 2011 and now about 90% of the officers on the force have them.

The SPD Honor Guard paid tribute to retired officer Ed Cameron who passed away in December 2014.

Chief Nelson attended the annual Marine Corps Toy Drive to collect gifts for needy children.

MPO Jennings aka Santa attended a department children's Christmas party.

Officer Londono welcomes Helio, the SPD's newest canine.

# End of Watch

Above: Captain Sweeney, Sergeant Burr, and MPO Repp participate in a memorial ceremony for fallen officers at Jerry Ivey Park.

## Left to Right:

Officer John Stonebraker: Death by gunfire during an arrest, February 12, 1917. Upon responding to a call involving a public disturbance, Officer Stonebraker and Chief of Police Howard Burke entered a rooming house where the suspect was located. Upon entering the man opened fire immediately killing Officer Stonebraker and wounding Chief Burke.

Officer Tom Carson: Death by gunfire during an arrest, November 29, 1920. While on night patrol, Officer Carson was shot and killed by a man he had ordered off the Union Pacific night train.

Officer Olney E. Eaton: Death by traffic accident while on duty, May 31, 1942. Officer Eaton was struck by a car while walking across a local intersection.

Officer Jerry R. Ivey: Death by gunfire during an arrest, June 13, 1975. Officer Ivey was shot and killed during the exchange of gunfire with a suspect in an early morning armed robbery. The suspect was later sentenced to life imprisonment.
